---

To my fellow Foundation members,

I am honored to serve on the Board of Trustees and even more honored to serve as President. A little background on me: I am the nephew of Past President Janet Johnson and have volunteered at Staunton River Battlefield since I was a preteen. I participated in all Haunted Hayrides except while serving in the US Marine Corps. In 2015, I joined the VA National Guard and am currently assigned to the 116<sup>th</sup> Infantry whose lineage is derived from Gen T.J. Jackson's "Foot Cavalry." I hope to serve this Presidency with the following goals.

**Reinstate the popular Haunted Hayride.** It has been too long since the community's family Halloween attraction has been held.

**Resume the Foundation Newsletter.** Please feel free to submit articles relating to the Battle, River, or Mulberry Hill Plantation for all periods.

**During** this year's **Commemoration** on June 23<sup>rd</sup> we will try and partner with the family of **Paul Carrington** and various historical societies that share ties with Judge Carrington.

Again, I appreciate this opportunity and will work diligently to make sure the Foundation's beliefs are made known to our State representation. I look forward to working with everyone in the upcoming year.

Respectfully Sent,

Alexander C. Johnson  
President. HSRF.
